Assigned: 15 April 2019
Due: 29 April 2019
Cutoff: 3 May 2019

Create a File Menu in your GUI

Add a file menu to your CarGUI with options to open a file for reading, and one to Quit the program. You will need a FileMenuHandler class to handle the events from the FileMenu.

Create a jar file called **Project3.jar** and submit that to Blackboard by the due date for full credit.
